

MAPLEWOODSTOCK

MAPLEWOODSTOCK VOLUNTEER COMMITTEE July 6th, 2022

HERE WE GO!!!

Emails with the police today:

- Concern about lighting with expanded use of park
- In the past DPW provided a few light towers. Concern it is not enough
- DPW only has one working light tower
- Rick has a couple of light towers
- Police can provide lighting, too
- When Rick shows up with lights on Fri evening, one by vendor village and other by Oakview entrance to the park - Katie will be there.
- DPW light will be over by library

Last minute band cancellation today

- Queen Ella from Sunday 12:42 is in hospital :(
- Cold Weather company will fill in
- Waitlist is now exhausted

Rick keeps asking about overnight security with the stage

- Katie will be in the park on the vendor side on Friday and Saturday night
- Jim expects to have the Trillium and could stay for some time
- Katie will have a walkie talkie with a direct line
- There could be an officer onsite from 3am to 10am, per Brad to prevent early canopy. Brad will ask if they can come as early as midnight. Otherwise Jim could come for some time and Jamie can help too

DPW on Friday

- Rick is adamant he wants protection for the sound board. Need to mark off space with fencing (Metal barricade around the sound tent)
- Kevin meeting with them in the park tomorrow and will cover

Port - o - johns

- Katie and Kevin think we need to move the Port o Johns to Dunnell side of Oakview - move a little further down and across the street
- Maybe along the skate house? or on vendor side of river, closer to river
- A few at the top of Dunnell - better for kids and seniors
- Should be delivered Friday and then cleaned out on Friday
- Need to put a port a potty behind the stage - not open all day long / lock until later

Lengthy discussion of parking spots and how to allocate.

2022

MAPLEWOODSTOCK

me keeping, pay the bands and help sell merchandise.

Sponsor tents may need to be set up and Gary may need help. We can set up on Friday.

Stage delivery between 9:30 and 10am on Friday. Police will be blocking parking to allow it in.

Katie will give Debbie a job. There will be a cop on Oakview.

Conversations with Renee. She asked to volunteer, Told her we are good on volunteers and goal is to keep her in audience.

DPW - possibly tree branch trim? Kevin to mention with DPW

When you enter the park at corner of Oakview and Dunnell - canopies will be there, and there are some really low hanging branches. If we can get them trimmed, we might fit another canopy or 2

Katie will pick up a big cooler at Tom's house.

Need coolers in the green room

Katie will bring key and wrist bands to the park on Friday,

Four tables should be enough.

Chairs for backstage? Possibly borrow from the Y. Everyone bring the ones you have.

Laurellie - Autumn forwarded set list and lyrics; another band did the same. Said they sent previously. Please check to make sure we do not have others. Laurellie will send the list of remaining ones needed. Remind Queen Ella is out and COLD Weather is in and Tom sent the requirements and they said they would send tomorrow.

Has new transmitters / headsets.

Interpreters will be coming and going and can have parking pass. Use Municipal lot first.

Rescue Squad - SO will be there with their rig. Maplewood will manage. 2 ambulances available. ATV in old kids zone.

No streaming to beer garden. Too expensive. Elks know.

Possible tent for the interpreters out of the sight lines - If Laurellie can bring on Friday, we can set up for her at edge of a line of tents where kids zone used to be

Jill Crisciulo invoked at 8:16pm about cleaning port-a-potties.
